Barre, Vt., March 6, 1914.

GENTLEMEN:

We would like to have you consider with us the one feature that, more than any other, really distinguishes good from mediocre clothes. That is **STYLE**. Any tailor can use fine fabrics and put them together with more or less accuracy. But to get real style into them is another proposition.

The designer of FRUHAUF Clothes is an artist, conceded by clothes-makers to be unsurpassed in his line.

The style he imbues in FRUHAUF Clothes is as essentially a part of them as the fragrance of a flower or the beauty of a woman. It's organic. It stands forth as a consummate expression of harmony and good taste. A FRUHAUF garment is a creation. In looking at it, you are not moved to think of details—of style as such, of tailoring, or of fabrics. You behold an effect—a result of an artist's complete plan, from the selection of the fabric down even to the buttons.

The final achievement, for the want of a better and more comprehensive word, we call **Style**. But, like the masterpiece, it is the product of a high artistic instinct, of "feeling," genius.

And herein lies the secret of the wonderful success and adaptability of FRUHAUF Clothes to men who dress well.

(We clean, press and repair clothes.)

You'll Crow Over "GETS-IT" for Corns!

It Will Startle You How "GETS-IT"
Gets Corns Every Time.

"One, two, three!" That's about as long as it takes you to apply "GETS-IT," the new-plant, simplest, surest corn cure the world has ever seen. Corn fussing is all over.

"This Is No Place For a Crow. Her Corns Are All Gone. She Must Have Used 'GETS-IT'."

Corns, corn pains and callouses are absolutely done for, from the minute you apply "GETS-IT." Forget the bother of needles, plasters, greasy salves that spread and make toes sore and raw, little doughnut cotton rings that press on corns, forget knives, razors, scissors and the dangers of blood poison from drawing blood, and the contraptions and harnesses that simply make corns worse. "GETS-IT" never hurts the flesh, never fails. "GETS-IT" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur
Recipe and Nobody Can Tell—
Brush It Through Hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Advt.
